

## **Dietetics**

At ORS, we are passionate about supporting people to improve their quality of life and overall wellbeing by providing them with exceptional dietetic care.

Our experienced dietitians are able to provide extensive therapy support due to their broad qualifications (including many with postgraduate degrees: Masters Qualifications), wide-ranging experience, and our internal professional development program. ORS employs DA registered Dietitians; who are trained in delivering nutritional assessments and recommending the appropriate nutritional plan for you.

These services can be funded by the NDIS, Employment/Disability Services Providers, My Aged Care, or privately.

The NDIS support category that may cover these services include:

- Improved Daily Living
- Early Childhood Intervention
